Theory of Operation	Turtle Beach Elite Atlas Aero Theory of Operation	System Theory of Operation for the Elite Atlas Aero

Note: Exhibit types that are commonly held confidential are: (1) Schematics, (2) Block Diagrams, (3) Operational Descriptions, (4) Parts List / Tune UP Info. Any exhibit NOT granted confidentiality is viewable on the FCC website as soon as a grant is issued.

Reason why the material should be withheld from public inspection:

These documents contain detailed system, equipment description and related information about the product which Voyetra Turtle Beach, Inc. considers to be proprietary, confidential, and a custom design otherwise not released to the general public.

Since the design is a basis from which future technological products will evolve, Voyetra Turtle Beach, Inc. considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

To the best of our knowledge, the information listed here is not publicly available anywhere else.

Sincerely,
Signature:
